Hildegard Kleeb Piano **Roland Dahinden** Posaune, Percussion
Cameron Harris Computer **Charbel Ackermann** Licht

From the origins of Switzerland's varied landscape, London's cultural melting pot and Johannesburg's gritty African cosmopolitanism the trajectories of four artists intersected for the first time in the rocky Swiss Alps. They zoomed in on the powerful geometries of the mountains to inspire improvisations with piano, trombone, percussion, live electronics and light forming a virtual space, cubeZ, that comes into existence wherever they meet. www.littleuse.com
